Independent Accountant's Report

FD121 Limited (the "Company")

Room 4001, 40/F, Tower 1, Lippo Centre, 89 Queensway, Admiralty, Hong Kong

We have examined the Company's below assertions. The Company's management is responsible for its assertions. Our responsibility is to express an opinion on management's assertions based on our examination. Management's assertions, which are summarized in the attached report, (hereafter referred to as the "Reserve Accounts Report"), which we examined are as follows:

- The Reserve Accounts Report refers to the total supply of First Digital USD tokens ("FDUSD") as of February 29, 2024, recorded at 9:00PM Eastern Time ("ET") (March 1, 2024 at 9:00AM Hong Kong Time ("HKT"), being the "Report Date and Time"). Such FDUSD, (which also represents the total circulating supply) as denoted under contract 0xc5f0f7b66764f6ec8c8dff7ba683102295e16409 at 18 decimals recorded on the Report Date and Time is 3,292,039,236.91 FDUSD (being 142,775,946.95 in BSC and 3,149,263,289.96 in Ethereum) as reported by BscScan and Etherscan.
- The Reserve Accounts Report refers to the account held and managed by a related party, being a public trust company registered in Hong Kong and a custodian for the Company (the "Custodian", and the account being the "Custody Account"). The USD balance is custodied in the Custody Account for the benefit of the Company. In addition to the Custody Account, the Custodian has opened distinct accounts with separate institutions held under the Custodian's name for the benefit of the Company, including Hong Kong financial institutions, an affiliated Hong Kong trust company, a Singapore financial institution, an Australian financial institution, and a Swiss financial institution, which are segregated from the Custody Account and where cash is held or debt instruments that are either expressly guaranteed by the full faith and credit of the United States Government, or held pursuant to overcollateralized overnight reverse repurchase agreements (such accounts in aggregate, being the "Reserve Accounts"). The U.S. dollar (denoted as "US\$") balance amounts backed by U.S Treasury Debt in the Reserve Accounts in the Reserve Accounts is at least equal to or greater than US\$3,292,039,236.91 at the Report Date and Time. This contemplates the impact of outstanding wires, deposits in transit or other reconciling items.
- Each financial institution bearing the Reserve Accounts and rated by Standard and Poor have earned a rating of not lower than an "A-2" grade for its short-term local issuer credit ratings.
- The Reserve Accounts Report refers to the Company's Reserve Account holdings as of the Report Date and Time, which includes the disclosure of the total fair value of the Company's asset holdings by asset type. Any amounts held in U.S. Treasury Debt include additional disclosures such as CUSIP and maturity date, as applicable.
- The total FDUSD supply, for which each FDUSD is assigned a redemption value, strictly pegged at 1:1 to the U.S dollar by the Company, does not exceed the balance of the Reserve Accounts reported below.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertions are fairly stated, in all material respects. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertions whether due to fraud or error.

In performing our risk assessment, we considered the Company's internal controls relevant to the aforementioned assertions, in order to design procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we did not test the operating effectiveness of such controls and express no such opinion on such controls.

We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

At any given time, the Company has the right to hold funds in any combination of varying financial instruments at their discretion. Those instruments generally include, but are not necessarily limited to U.S. dollars, U.S Treasury backed Bills and Overnight Reverse Repurchase Agreements.

The expressed examination opinion on the above assertions are limited solely to the Reserve Accounts Report at the Report Date and Time noted above. Any activity prior to or after the Report Date and Time at 9:00PM ET (9:00AM HKT) was not considered when testing the assertions described above. In addition, we have not performed any procedures or provided any level of assurance on the financial or non-financial activity of the Reserve Accounts on dates or times other than the Report Date and Time noted within this report.

In our opinion, management's assertions noted above are fairly stated as of the Report Date and Time, in all material respects.
